Portland Metro Area, OR
November 7-11th, 2016

Begin practice in evidence-based breastfeeding and lactation care through this five day core program. Be confident in your ability to provide accurate and consistent information about breastfeeding and lactation and be able to support new families in feeding their babies from birth through the process of weaning. This course provides 45 theoretical hours for the IBLCE exam eligibility requirements. All areas of the exam’s Detailed Content Outline are included, and course content is based on current scientific research.
