

Evergreen Perinatal Education, LLC

Where Excellence in Healthcare Begins

Online “Excellence in Care with the Ten Steps” Individual and Institutional Course

Program Description

Our “Excellence in Care with the Ten Steps” course is perfect for individuals and institutions who are on their baby-friendly designation journeys, as well as for those who are simply seeking to improve the quality of mother and infant care. EPE's online "Ten Steps" course is presented in nine manageable segments and finishes with an inspiring "Making a Difference" segment and comprehensive final quiz. This course explores the rapidly changing role of all healthcare professionals in caring for pregnant and new families and is designed to help hospitals and communities provide the basics of early breastfeeding care, with a focus on implementing [The Ten Steps to Successful Breastfeeding](#). EPE's education takes an evidence-based, common sense approach to feeding babies, and our online education is engaging, creates practice changes, and provides non-dogmatic, practical information for the professional, hospitals, and other perinatal-focused institutions.

Summary of Services

- Online course available 24 hours a day, 7 days a week, and 365 days a year for anyone who meets the system requirements
- Access for one year from date of enrollment to complete the 15 hour course
- Course and group contract set-up, ongoing technical assistance, and quarterly reporting
- Plus, included in these discounted prices are CEUs and CERPs provided for all who complete the course within the one year time frame

Pricing
